T-8 Traffic Data

The Bureau of Transportation Statistics' (BTS') Office of Airline Information (OAI) requires all-cargo carriers that hold a 418 Certificate to report annually, Schedule T-8 data as outlined in 14 CFR Part 241, Section 25. The carriers required to submit T-8 data are listed in Attachment B.

The Bureau of Transportation Statistics is relieving air carriers of the burden of submitting the Traffic and Capacity Statistics portion of Schedule T-8 – Line 7 through Line 13. The carriers will continue to submit the Operating Revenues and Expenses portion of the Schedule T-8 – Line 1 through Line 6.

Carriers currently submit detailed monthly T-100 traffic reports. From these detailed reports BTS or any data user can construct the data that are on the Traffic and Capacity Statistics portion of Schedule T-8 because the monthly T-100 traffic reports are reported by service class and aircraft configuration which allows data users to identify all-cargo flights. The T-100 data are available on the BTS web site at:

http://www.transtats.bts.gov/databases.asp?Mode_ID=1&Mode_Desc=Aviation&Subject_ID2=0

The Schedule T-8 data may be submitted by going to the website: <https://esubmit.rita.dot.gov/> and following the instructions for creating an account and submitting reports. The T-8 data is due at OAI on March 30. The file format for submitting the data is given in Attachment A.

If you have any questions, please e-mail them to jeff.gorham@dot.gov. This action was taken under authority delegated by 14 CFR Section 385.19(b).
